

## OFFICIAL BAT POLICY

As of Jan 1, 2012, NSA Canada adopted the new 1.20 bpf testing as part of our acceptable standards for 2012 season and beyond.

NSA Canada will no longer be “grandfathering” the old 2004 ASA standard. The “grandfathering” of these bats ended as of Dec 31, 2016 per previous bat policy releases. See link below for complete list of approved bats.

As of Jan. 1, 2017, all softball bats must have either one or a combination of these stamps.

Any softball bats not having these stamps will be considered illegal for NSA Canada play.
